## SAFETY DATA SHEET - ClearView

SECTION 1. PROD	JCT IDENTIFICATION AND SUPPLIER	Supplier's Details:	Express! Solutions,				
Product identifier: Other means of identification: Product type:	ClearView CV32 - 1 Quart Silicone Dimethylsiloxane Liquid		411 Greenfield Dr. Unit 6A Tiffin, IA 52340 (563) 299-0144 www.expresssolutions.us				
Recommended uses: Restrictions on use:	None known	Emergency phone number:	CHEMTREC (800)	424-9300 (24 HOURS A DAY) International: +1-703-527-3887			
Section 2. HAZARDS IDENTIFICATION Response : IF INHALED: Remove victim to fresh air. SWALLOWED:							
OSHA/HCS status: Classification of mixtu GHS label elements hazard pictograms: <u>Hazard Statements</u> General: Prevention:	Product does not contain any active material co as defined in 29 CFR 1910.120. re: EYE IRRITATION – Category 2 Signal word: Danger Eye irritation - Category 2 Wear protective gloves. Wear eye or face protect Wear protective clothing. Keep only in original co Wash hands thoroughly after handling.	nsidered hazardous S I Ion. H	Storage: Disposal: lazards Not Dtherwise Classified:	Rinse mouth. Do NOT induce vomiting. Call a poison center or physician. ON SKIN (or hair): Take off all contaminated clothing. Rinse skin with water or shower. IN EYES: Rinse cautiously with water.; Remove contact lenses, if present. Continue rinsing. Store locked up. Store in original container. Dispose of contents and container in accordance with all local, regional, national and international regulations.			
Section 3. COMPOS	ITION/INFORMATION ON INGREDIENTS	Chemical N Proprietary i		% CAS Number vrietary -			
Substance/mixture: Other means of Identification:	Mixture Not Available	Proprietary i Proprietary i	ngredient 2 Prop ngredient 2 Prop	rietary - rietary -			
CAS number : Product code :	Not Applicable Not Applicable	There are no	additional ingredients	rcentage of the composition has been withheld as it is a trade secret. present which, within the current knowledge of the supplier and in the con- d as hazardous to health and hence require reporting in this section.			
Section 4. FIRST AI	D MEASURES						
Necessary First Aid Measures         Eye contact:       Flush eyes with plenty of water, Check for and remove any contact lenses. Continue to rinse for at least 20 minutes. Get medical attention.         Inhalation:       Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention.         Skin contact:       Flush contaminated skin water. Get medical attention.         Ingestion:       Wash out mouth with water. Do not induce vomiting. Get medical attention.         Most Important Symptoms/Effects.       Eye contact:         Eye contact:       Causes serious eye irritation.         Inhalation:       Exposure to decomposition products may cause a health hazard. Serious effects may be delayed following exposure. May cause drowsiness or dizziness.         Skin contact:       Causes skin irritation         Ingestion:       May be irritating to mouth, throat and stomach         Indication of Immediate Medical Attention and Special Treatment Needed. If Necessary         Notes to physician:       Treat symptoms. Treatment specialist. In case of inhalation of decomposition products in a fire, symptoms may be delayed.							
Section 5. FIRE-FIG	HTING MEASURES						
Extinguishing MediaSuitable:Use an extinguishing agent suitable for the surrounding fire.Unsuitable:None knownSpecific hazards arising from chemical:In a fire or if heated, a pressure increase will occur and the container may burst.Hazardous thermal decomposition products:Decomposition products may include the following materials: carbon dioxide, carbon monoxideSpecial protective actions for fire-fighters:Isolate scene by removing all persons from vicinity. No action shall be taken involving any personal risk or without suitable training.Special protective equipment for fighters:Fire-fighters should wear protective equipment, self-contained breathing apparatus (SCBA) full face-piece operated in positive pressure mode.							
Section 6. ACCIDENTAL RELEASE MEASURES							
Personal Precautions, Protective Equipment and Emergency Procedures         Personal precautions:       No action shall be taken involving any personal risk or without suitable training. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate.         Emergency responders:       If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.         Environmental       Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environ-ental pollution (sewers, waterways, soil or air).         Methods and materials       Move containers from spill area. Prevent entry into sewers, water courses. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product.							
Section 7. HANDLING AND STORAGE							
Precautions for Safe Handling         Protective measures:       Put on appropriate personal protective equipment (see Section 8). Do not ingest. Avoid contact with eyes, skin and clothing. Avoid breathing vapor or mist. Keep in the original container, kept tightly closed when not in use.         Advice on general:       Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Wash hands and face before eating, or smoking.         conditions for safe safe storage, including incompatibilities:       Store in accordance with local regulations. Store protected from direct sunlight in a dry, cool and well-ventilated area. Keep away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

Section 9. PHYSICA	L AND CHEMICAL PROPERTIES						
Appearance		Lower and upper explosive					
Physical state:	Liquid	(flammable) limits:	Not available				
Color: Odor:	Clear Mild	Vapor pressure: Vapor density:	Not available >1 [Air = 1]				
Odor Threshold:	Not available	Relative density:	1.04 typical				
pH:	6.0 to 8.0 [Conc. (%w/w): 10%]	Solubility:	Easily soluble in the following materials: water				
Melting/freezing point		Partition coefficient					
Boiling point/range: Flash point:	>100ºC@ 760mmHg >93.3°C (>200°F)	n-octanol/water:	Not available				
Evaporation rate:	>93.3 C (>200 P) >1 (Butyl acetate = 1)	Auto-ignition temperature: Decomposition temperature:	Not available Not available				
Flammability (solid, ga	as): Not available	Viscosity:	Not available				
	TY AND REACTIVITY						
Reactivity: No specific test data related to reactivity available for this product or its ingredients							
Chemical stability:	The product is stable						
Possibility of hazardo	us						
reactions:	Under normal conditions of storage and use,	hazardous reactions will not occur.					
	Conditions to avoid: No specific data.						
Incompatible material Hazardous	s: Reactive or incompatible with the following m	alenais: oxidizing malenais.					
	:ts: Under normal conditions of storage and use,	nazardous decomposition products should not be pro-	duced.				
Section 11. TOXICO	LOGICAL INFORMATION						
Exposure routes:	Eye contact, dermal contact, ingestion, inhalation	n Sensitization: There is r	no data available				
Acute toxicity			as a carcinogen by OSHA, NTP or IARC				
Eyes:	Causes eye irritation, redness	Mutagenicity: No known	n significant effects or critical hazards.				
Skin:	Causes skin irritation, redness		n significant effects or critical hazards.				
Ingestion: Inhalation:	Harmful if swallowed Respiratory Irritant		n significant effects or critical hazards. n significant effects or critical hazards
