SAFETY DATA SHEET - SuperGloss

SECTION 1. PROD	JCT IDENTIFICATION AND SUPPLIER	Supplier's Details:		ns, Inc.		
Product identifier: Other means of identification: Product type:	SuperGloss SG32 - 1 Quart Surfactant/Oil Blend Liquid		411 Greenfield Dr Tiffin, IA 52340 (563) 299-0144 www.expresssolui			
Recommended uses: Restrictions on use:	Vehicle Polish None known	Emergency phone number:		0) 424-9300 (24 HOURS A DAY) International: +1-703-527-3887		
Section 2. HAZARDS IDENTIFICATION Response : IF INHALED: Remove victim to fresh air. SWALLOWED:						
Standard (29 CFF	terial considered hazardous by OSHA Hazard Cor 2 1910.1200). Ire: EYE IRRITATION – Category 2 Signal word: Danger	nmunication	Storage: Disposal:	Rinse mouth. Do NOT induce vomiting. Call a poison center or physician. ON SKIN (or hair): Take off all contaminated clothing. Rinse skin with water or shower. IN EYES: Rinse cautiously with water.; Remove contact lenses, if present. Continue rinsing. Store locked up. Store in original container. Dispose of contents and container in accordance with		
Hazard Statements			Hazarda Nat	all local, regional, national and international regulations.		
General: Prevention:	Eye irritation - Category 2 Wear protective gloves. Wear eye or face protect Wear protective clothing. Keep only in original co	ion. ntainer.	Hazards Not Otherwise Classified			
Section 3. COMPOS	ITION/INFORMATION ON INGREDIENTS	Chemical Proprietary		% CAS Number roprietary -		
Substance/mixture: Other means of Identification:	Mixture Not Available	Proprietary	ringredient 2 Pro	roprietary - roprietary -		
CAS number : Product code :	Not Applicable Not Applicable	There are r	no additional ingredient	percentage of the composition has been withheld as it is a trade secret. Its present which, within the current knowledge of the supplier and in the con- ified as hazardous to health and hence require reporting in this section.		
Section 4. FIRST AI	D MEASURES					
Necessary First Aid Measures Eye contact: Flush eyes with plenty of water, Check for and remove any contact lenses. Continue to rinse for at least 20 minutes. Get medical attention. Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention. Skin contact: Flush contaminated skin water. Get medical attention. Ingestion: Wash out mouth with water. Do not induce vomiting. Get medical attention. Most Important Symptoms/Effects. Eye contact: Eye contact: Causes serious eye irritation. Inhalation: Exposure to decomposition products may cause a health hazard. Serious effects may be delayed following exposure. May cause drowsiness or dizziness. Skin contact: Causes skin irritation Ingestion: May be irritating to mouth, throat and stomach Ingestion: May be irritating to mouth, throat and stomach Indication of Immediate Medical Attention and Special Treatment Needed, If Necessary Notes to physician: Treat symptomatically. Contact poison Treatment specialist. In case of inhalation of decomposition products in a fire, symptoms may be delayed.						
Section 5. FIRE-FIG	HTING MEASURES	J				
Extinguishing Media Suitable: Use an extinguishing agent suitable for the surrounding fire. Unsuitable: None known Specific hazards arising from chemical: In a fire or if heated, a pressure increase will occur and the container may burst. Hazardous thermal decomposition products: Decomposition products may include the following materials: carbon dioxide, carbon monoxide Special protective actions for fire-fighters: Isolate scene by removing all persons from vicinity. No action shall be taken involving any personal risk or without suitable training. Special protective equipment for fighters: Fire-fighters: Fire-fighters: Fire-fighters:						
Section 6. ACCIDEN	ITAL RELEASE MEASURES					
Personal Precautions, Protective Equipment and Emergency Procedures Personal precautions: No action shall be taken involving any personal risk or without suitable training. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Emergency responders: If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. Environmental Precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environental pollution (sewers, waterways, soil or air). Methods and materials for containment and cleaning up spills: Move container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product.						
Section 7. HANDLING AND STORAGE						
Precautions for Safe Handling Protective measures: Put on appropriate personal protective equipment (see Section 8). Do not ingest. Avoid contact with eyes, skin and clothing. Avoid breathing vapor or mist. Keep in the original container, kept tightly closed when not in use. Advice on general: Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Wash hands and face before eating, or smoking. Store in accordance with local regulations. Store protected from direct sunlight in a dry, cool and well-ventilated area. Keep away from incompatible materials (see Sector 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.						

Section 8. EXPUSU			
	RE CONTROLS/PERSONAL PROTECTION	<u>v</u>	
Precautions for Safe H	<u> </u>		
Protective measures:	original container, kept tightly closed when not		eyes, skin and clothing. Avoid breathing vapor or mist. Keep in the

conditions for safe	Store in accordance with local regulations. Sto	re protected from direct sunlight in a dry, cool and well	-ventilated area. Keep away from incompatible materials (see Sec-
			that have been opened must be carefully resealed and kept
incompatibilities:	upright to prevent leakage. Do not store in unla	beled containers. Use appropriate containment to avo	id environmental contamination.
Section 9. PHYSICA	L AND CHEMICAL PROPERTIES		
Appearance		Lower and upper explosive	
Physical state:	Liquid	(flammable) limits:	Not available
Color:	Orange	Vapor pressure:	Not available
Odor:	Mild Nat available	Vapor density:	>1 [Air = 1]
Odor Threshold: pH:	Not available 6.0 to 8.0 [Conc. (%w/w): 10%]	Relative density:	1.04 typical
Melting/freezing point		Solubility: Partition coefficient	Easily soluble in the following materials: water
Boiling point/range:	Not available	n-octanol/water:	Not available
Flash point:	>93.3°C (>200°F)	Auto-ignition temperature:	Not available
Evaporation rate:	>1 (Butyl acetate = 1)	Decomposition temperature:	Not available
Flammability (solid, ga	as): Not available	Viscosity:	Not available
Section 10. STABIL	TY AND REACTIVITY		
Reactivity:	No specific test data related to reactivity ava	ilable for this product or its ingredients	
Chemical stability:	The product is stable	. 2	
Possibility of hazardo		hozordous reactions will not ensure	
reactions: Conditions to avoid:	Under normal conditions of storage and use, No specific data.	nazardous reactions will not occur.	
Incompatible material		naterials: oxidizing materials	
Hazardous	. Redelive of meonipalible with the following n		
decomposition produc	:ts: Under normal conditions of storage and use,	hazardous decomposition products should not be pro-	duced.
Section 11. TOXICO	LOGICAL INFORMATION		
Exposure routes:	Eye contact, dermal contact, ingestion, inhalation	on Sensitization: There is r	no data available
Acute toxicity	,		as a carcinogen by OSHA, NTP or IARC
Eyes:	Causes eye irritation, redness		n significant effects or critical hazards.
Skin:			
-	Causes skin irritation, redness		n significant effects or critical hazards.
Ingestion: Inhalation:	Harmful if swallowed	Developmental effects: No known	n significant effects or critical hazards.
